

LANDSCAPE SERIES

*James*  
LOUDSPEAKER

We see what others do not.

At James Loudspeaker we have a vision for excellence in design, and a dedication to every detail.

*Distribution Hub directs speaker connections throughout your landscape.*

We invest where others do not.

Our engineering standards are unmatched in the industry.

James' finely crafted speakers are the result of enthusiastic designers. *Solid teak enclosures enhance outdoor aesthetics.*

We perform like no other.

Real world solutions through the most advanced innovative technology. *High end audio performance, outdoor satellites are designed to be discreetly hidden in any landscape.*

We are James Loudspeaker.

All James Loudspeaker products are designed by our masterful team with over 182 years of collective experience. *Designed and manufactured in the USA.*

We are driven like no other.

The result...

the epitome of aural perfection. *Enjoy.*

*“James Landscape Speakers present a totally different and totally entertaining approach to outdoor sound.”*

*David Birch-Jones- Home Entertainment*

# PATENTED SOUND...HANDS DOWN!

Experience patented sound that is irrefutably

superior. The sheer expression of sonic perfection. Dynamic

accurate sound never before found outdoors. So close your

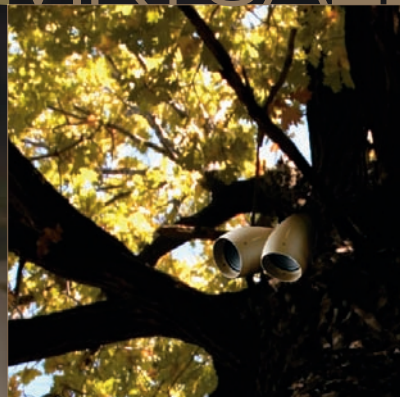

eyes for a moment and imagine your favorite pool side chair, the

subtle aroma of an open barbecue, and experience the pleasure of an

outdoor performance. Now... open your eyes to the view you truly enjoy.

VIRTUALLY UNLIMITED CONTROL...ALL AROUND
